

Book Launch

Explorer **Maria Leijerstam**
and world-record-holding athlete **Josie Pearson**
introduce *Spark* – a new vibrant series of non-fiction
books for young readers at the Hay Festival 2014.

Maria relates her epic adventures visiting different parts of the world, including her recent expedition to Antarctica, while Josie shares her experience of winning a Gold medal at the Paralympic Games in London 2012.

Book Launch

Spark series will open the imagination of all readers through the use of real-life, well known people. Reading through these factual book will give an children an understanding of the hard work, effort and challenges that each individual person has faced in order to achieve success, proving that with dedication anything is possible. These books should inspire young people to continue to aim for their dreams, even if they face challenges along the way.
